

**REMARKS**

Applicant submits this Amendment Before Action in order to correct the claim dependencies in some of the original claims, which were improper because there were multiple dependent claims depending from other multiple dependent claims.

It is believed that no new matter is being introduced by these modifications. Furthermore, no additional filing fees are believed to be required by these amendments. Early and favorable examination is earnestly requested.

Respectfully submitted,

Gottlieb, Rackman & Reisman, P.C.

Dated: August 22, 2006
